

Here's a step by step of what to expect!

To order your custom artwork:

- **Choose 1-2 photos** (ideally 1 photo) that you would like me to paint from. Read through this entire document and have a size you would like to order in mind. (If you're not sure, we can discuss this together as well).
- Fill out the form.
- I will email you about your inquiry and we can discuss all of the specifics you would like in your artwork.

Paying for your artwork:

- To secure your spot, **I will collect 50% of the total** and I will begin painting your painting. Please note that *I do not send any in-progress photos of the artwork*. Expect around **5-7 weeks for the completion** of your artwork. In some cases, I might require longer and will inform you prior to starting. If there is a request for an expedited completion date, and it is accepted, there is an extra charge of \$200 for a rush fee. You will not be charged if the artist finishes early without a request.

When your artwork is ready:

- **I will send you a photo of your painting when it is finished.** If everything looks good to you, then you have 14 days to pay the remaining balance. In the case that you would like me to adjust anything, you are given 2-free small edits. Any additional edits will be charged at the discretion of the artist.

Shipping:

- Once you approve the painting and I receive the last payment, I will add a varnish coat and prepare it for shipping.
- I will send you the tracking info via email and the painting is on its way to you!

Here's a few tips to keep in mind when sending me photos!

- If it's not a pretty picture, most likely it won't make the prettiest painting. If possible, please use a high quality camera/phone!
- The more photos the better! Send me multiple angles, compositions, zoom in, zoom out. I like to have as much visual information as possible!
- If you are looking for multiple people in your artwork, (please have one photo of ALL of your individuals together.
- Keep in mind, I am not photoshop! Minor adjustments, additions can be fine, but because of light, shadow, color harmonies and other complexities, too much piecing together can be impossible - trust me on this!! Please keep it to 2 photos maximum for each artwork.
- Please, don't edit the photos! If you have them, send me the raw, unfiltered, untouched photos and I can edit and filter based on what I need in a reference.
